

INDICE

---

A. VITOLO - Functions with derivatives in spaces of Motrey type .....	pag. 1
C. TROMBETTI - On the lower semicontinuity and relaxation properties of certain classes of variational integrals .....	» 25
R. GRANDE, P. SANTUCCI - Anisotropic Sobolev-Besicovitch spaces and a semielliptic differential equation .....	» 53
M. L. RICCI - Bounded solutions relative to a vibrating and not tensioned string .....	» 69
S. CICENZA - Il contributo di G. Battaglini alla geometria non euclidea con appendice di tre lettere inedite ad A. Genocchi .....	» 89
A. YU. GORITSKY, M. I. VISHNIK - Integral manifolds for nonautonomous equations .....	» 109
R. GIULIANO ANTONINI - Comparaison de densités sur certains ensembles d'entiers .....	» 147
G. LETTA, L. PRATELLI - Le théorème de Skorohod pour des lois de Radon sur un espace métrisable .....	» 157
A. SECCO - Onde di Alfvén in fluidi di Cosserat linearmente viscosi .....	» 163
M. FORTI, G. LENZI - A general axiomatic framework for the foundations of mathematics, logic and computer science .....	» 171
U. GIANAZZA - Existence for a nonlinear problem relative to Dirichlet forms .....	» 209
M. BIROLI - Nonlinear Kato measures and nonlinear subelliptic Schrödinger problems .....	» 235
